# LION BRAND® FUN FUR FUN-FLOPS

## BEGINNER

### MATERIALS

- LION BRAND Fun Fur  
1 ball of color #214 Fiji, or color of your choice
- 1 pair of flip-flops

If you want to crochet the flip-flops, you'll also need

- LION BRAND size K-10.5 (6.5 mm) crochet hook
- LION BRAND large-eyed blunt needle (to weave in ends)

### OPTIONAL

Finish your flip-flops by gluing a large button, rhinestone, or beads to the toe.

### HELPFUL HINTS

- Use a good light.
- Flip-flops are made with 2 strands (pieces) of yarn held together and used as though they were a single strand.
- For single-color effect, you can EITHER use 2 balls of the same solid color yarn OR you can pull 1 strand from the center of the ball and 1 strand from the outside.
- For a mixed color effect, use 1 strand each of 2 colors held together, or use 2 strands of a Print color (as described above).

LB #40328

### WRAPPING INSTRUCTIONS

Measure four 13-yard lengths of yarn (or two 13-yard lengths each of two colors) and wind each length into a small ball. Use two balls for each flip-flop (one of each color per flip-flop if you use two colors).

Starting at one side of the strap, holding the yarn from two balls together, tie a knot around the strap with both strands. Wrap the yarn around the strap, pushing yarn tightly together to prevent the strap from showing through. Wrap a few extra times at the toe for fullness. Move to the other side of the thong and continue wrapping to the end of strap. Knot securely and trim ends.

### CROCHET INSTRUCTIONS

Make a slip knot with 2 strands of yarn held together.

Holding the yarn across the top of the flip-flop strap, reaching under the strap, catch the yarn leading from the ball(s) with the hook. You now have 2 (double strand) loops on the hook. Wrap the yarn around the hook and pull it through both loops. You have now made a single crochet. Repeat until the strap is completely covered.

When the strap is completely covered, cut the yarn to 5" and pull the ends through the last remaining loop. Thread the blunt needle with the yarn ends and pull back through a few stitches to hide (you can also use a crochet hook to do this). Trim the ends.

**Note** For best coverage start at the toe in the center of each strap and work back, then return to the center to do the other side. For a very furry look, push the stitches tightly towards the toe.
